Special Poster Collection

Wednesday, October 28, 2026 10:30 AM - 11:25 AM CT

Location: Poster Forum 8, Exhibit Hall BC

Poster Collection Host(s)

Adeola O. Coker, PhD (she/her/hers)

Assistant Dean and Chair, Pharmaceutical Sciences
University of the Incarnate Word Feik School of Pharmacy
San Antonio, Texas

Join Adeola O. Coker and several authors in Poster Forum #8 in the Solution Center (Exhibit Hall BC) for a conversation about posters on the topic, “Spotlight on Bio-Therapeutic Formulation and Delivery Research”, that she is especially excited about.

T1530-01-03 *Impact of Residual Moisture on Structure and Stability of Lyophilized mRNA-LNPs*, Mittal Darji, MS, University of Connecticut

T1130-02-07 *Injectable Liposomal Nanocomposite Hydrogels for Long-Acting Subcutaneous Delivery of Monoclonal Antibodies*, Maryam Karimi, Ph.D., University of Maryland Baltimore

M1330-02-09 *Enteric Coated Capsules for Oral Delivery of Anti-CD3 Monoclonal Antibody (mAb): An Early Phase Proof-of-Concept Trial*, Heena Maithania, Ph.D., Frontage Laboratories, Inc.

M0930-01-03 *Relationship Between Trimeric Structure and CAR-Binding Activity of the Adenovirus Type 5 Fiber Knob Protein*, Yanyuan Chen, PH.D., Showa Pharmaceutical University

T1030-10-55 *Impact of Fc Glycans Remodeling on Self-Association of Monoclonal Antibodies*, Hesham Refaat, MS, University of Iowa
